

# Denkmäler3.de

Interdisciplinary conference with topics from Archaeology, Preservation of Monuments, Surveying and Geoinformatics.

denkmäler3.de

**From low-cost to high-tech**  
3D-Documentation  
in Archaeology & Monument Preservation  
October 16 - 18, 2013  
LWL-Industrial Museum Zeche Zollern - Dortmund

The conference **Denkmäler3.de** is hosted by different institutions, namely: Bochum University of Applied Sciences, University of Applied Sciences Mainz, HafenCity University Hamburg, Working Group Optical 3D Measurement Technology of the German Society for Photogrammetry, Remote Sensing and Geoinformation, Regional Association of Westphalia-Lippe, German TICCIH National Committee, COST -European Cooperation in Science and Technology, COSCH – Colour and Space in Cultural Heritage and German Mining Museum Bochum. It will take place in the period from October 16 to 18, 2013 on the premises of the LWL Industrial Museum Zeche Zollern in the local "magazine". This conference is a platform for both domestic and foreign scientists from different disciplines and offers an opportunity for an intensive professional exchange.

The aim of the symposium is to debate the state of the art of documentation in archaeology and preservation of monuments, introduce new approaches and developments in this interdisciplinary research area, identify solutions for practical use, and to discuss the question of future developments.

The conference is completed by an accompanying exhibition with system developers, manufacturers and service providers in the field of optical 3D metrology and Geoinformatics, research institutions and excavation companies.
